

TRANSPARENT FEES · 2026

Three hiring programmes. One clear fee stack.

List prices for job deployment and managed operations — plus a 10% platform fee only when work is approved and funds release through in-platform rails.

PROGRAMME 1

Standard Post

\$100 per job post

Fast multi-channel distribution across web, Telegram, and Discord.

PROGRAMME 2 · HIGHLIGHTED

Vetted Post

\$200 per job post

Verified talent, priority visibility, and technical screening alignment.

PROGRAMME 3

Managed Core

Custom tailored agreement

Enterprise talent operations scoped directly with our team.

BEST FOR

Pick the programme that matches your hiring stage.

Standard Post

Fast multi-channel distribution for roles that need reach now.

- Teams that need to publish a role quickly
- Early-stage hiring without deep screening
- Broad reach across our multi-platform network

Vetted Post

Higher signal when candidate quality matters most.

- Roles where candidate quality is critical
- Technical screening and vetting alignment
- Higher visibility to pre-verified talent

Managed Core

Outsource hiring operations with custom SLAs.

- Companies outsourcing full hiring operations
- Multi-team or multi-region programmes
- Custom SLAs, reporting, and managed workflows

Job posting may be free during launch periods — live promotions always show at checkout on <https://weremoteit.com/pricing>.

HOW BILLING WORKS

Listing fee + release fee. Preview every offer.

1 · Job deployment (listing)

Charged when you publish through the client portal and related checkout flows (including Dodo Payments where enabled).

- **Standard Post** — \$100 USD list price (\$99.99 charged)
- **Vetted Post** — \$200 USD list price (\$199.99 charged)
- **Managed Core** — custom written agreement
- Promo / founding codes apply only as shown at checkout

2 · Platform fee on release

10%

Calculated on the **gross amount released** to talent when work is approved through in-platform rails (Stripe card and/or USDC Sovereign Escrow on Polygon).

Offer preview in your workspace shows the exact split before you send.

Stablecoin for budgeting, escrow for releases — pay with USDC on Polygon, or card where enabled. Escrow and milestone disputes follow in-app contract state.

READY TO HIRE

Post a role, or talk to sales for Managed Core.

Live prices and checkout always win over this leave-behind. Use the Pricing page for current promotions; contact sales for enterprise and managed agreements.
